Best of Bags.

**BAGS AND
BACKPACKS 2025**

HALFAR® 2025

RECYCLING, REVOLUTIONS AND REALLY GREAT IDEAS FOR BAGS

Just like you, we love sustainability. And in our 2025 catalogue, you'll once again find a range of bags made from recycled materials, such as rPET, whether as smooth felt or shiny artificial fibre.

Alongside our ever expanding range of products from recycled materials, discover a mini revolution – our MONO Shopper, our first bag made from just one material. It's another important step towards the circular economy.

You can also look forward to new series and completed families of your favourite bags. And to a wealth of ideas for how bags can become a platform for brands.

WE ARE BAG MAKERS. IT'S A MATTER OF HEART AND MIND.

SUSTAINABILITY is especially important to us. And you will find ever increasing amounts of recycled material in our range. For us, it's just one of the ways to conserve resources. Another is to develop high-quality, highly functional bags that can be used for longer. This helps to reduce waste and boost moods!

Since 1986, we have put every bit of our **KNOWHOW** into every single bag.

We always design and produce our own new **DESIGNS**. That's why our **RANGE** is in a class of its own.

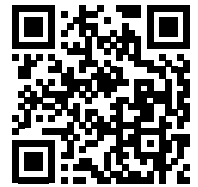

We also give our all to **SERVICE** and **FINISH** to make sure you have an easy and enjoyable experience.

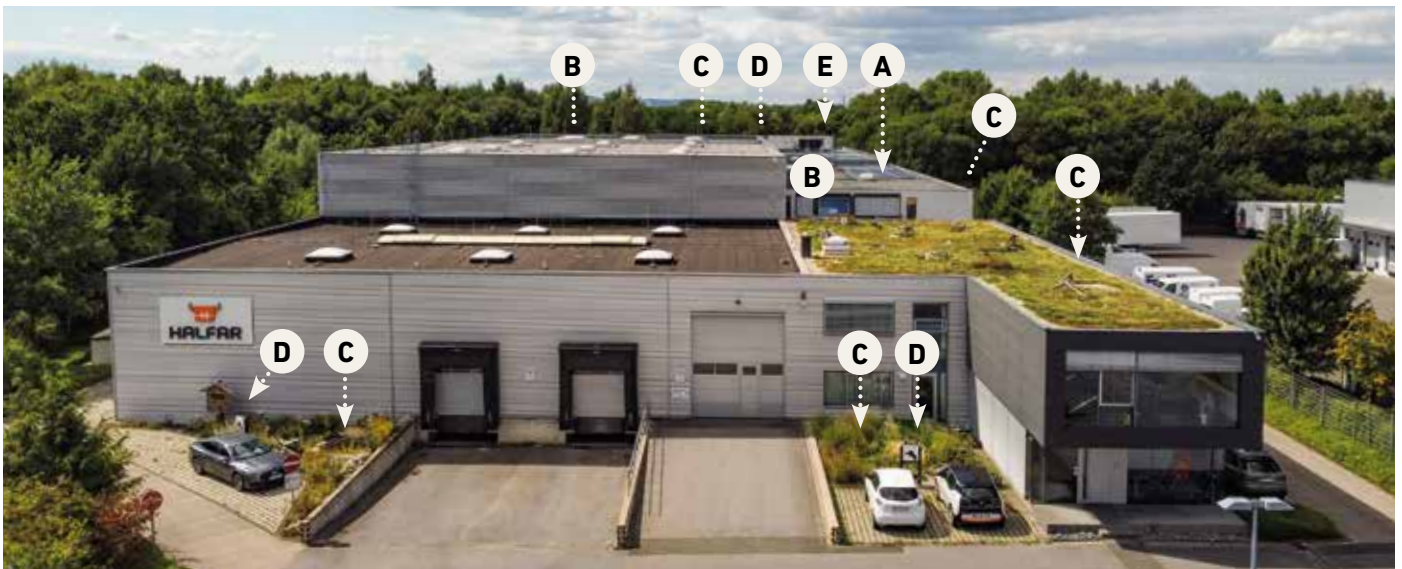

CLIMATE-AWARE OUT OF CONVICTION

As a company, we will always produce CO₂ – but we endeavour to avoid and reduce these emissions wherever we can, and to fund climate protection projects.

Since 2022 with ClimatePartner. Since 2024, for the first time with the label “Climate Partner Certified Company”.

ClimatePartner
zertifiziertes Unternehmen
climat-id.com/G765H1

SAVING ENERGY

Whether photovoltaics, insulation, a green roof, wood pellet and eco-gas heating, LED lighting or green electricity: we take a careful approach to energy and resources. To this, we take a strategic approach through a process-controlled environmental management system and the ÖKOPROFIT® qualification programme.

- A** Photovoltaics + green electricity
- B** Pellet heating
- C** Green roofs and areas
- D** E-charging stations
- E** Heat pump

ÖKOPROFIT

DIN ISO 9001 14001

CERTIFIED

Behind quality products you'll find quality processes – and they are just as important for climate and environmental protection. That's why we are not only certified to the ISO 9001:2015 quality management standard, but to the internationally recognised standard for environmental management systems ISO 14001:2015 as well.

100%

GREEN ELECTRICITY

HALFAR® runs on entirely green electricity at its Oldentrup and Altenhagen locations.

ENVIRONMENTALLY RESPONSIBLE

Whether it's an **electric company car**, JobBike, **insect-friendly green roof**, participation in climate initiatives, **ÖKOPROFIT®** – HALFAR® is committed to climate and environmental protection.

BUZZING AND BLOOMING

Biodiversity is important to us. We have created areas such as green roofs and meadows for plants, bees and insects at our two Bielefeld locations – covering some 5,150 m².

The Insect Respect compensation areas offer insects food, places to hide and options to overwinter. They were recertified this year.

100% PVC FREE

All of our new promotional bags will be 100% PVC FREE ex works, starting in 2025.

REAL INCLUSION: PROSIGNO

prosigno ist part of the HALFAR® family. The screen printing company, which employs people with and without disabilities, operates from the same building as us. It is part of Lebenshilfe Bielefeld, with whom we have had a partnership for more than 20 years. The prosigno team finishes thousands of bags per year in the highest print quality. The short distances save resources, avoid emissions and ensure that the bags reach their destination quickly.

DONATIONS, GRANTS AND MORE

We are happy to support good ideas for good causes, or even add some ourselves: From the chimney sweeps' happiness tour to DKMS typing campaigns, blood donations and school and university partnerships.

We are also involved in a variety of other areas with projects, donations, grants... If you are interested, take a good look at our blog or browse our sustainability report.

RECOGNISED AS EXCEPTIONALLY FAMILY-FRIENDLY

Whether childcare, care or just special life phases: since 2016, HALFAR® has been considered "Exceptionally family-friendly" and is oriented towards life, with things like flexible working time models. In 2023, we received another award.

AWARD- WINNING:

The diversity of our commitment is something you'll see in our workplace every day – and you can see it in the awards on the wall as well. Here is a just small selection of our current prizes and memberships.

ecovadis

SOCIAL

Social standards are important to us, far beyond European borders – we ensure compliance with the ILO core labour standard and have been a member of amfori BSCI since 2009.

Member of amfori, the leading global business association for open and sustainable trade. We improve the social performance of our supply chain via amfori BSCI. For more information visit www.amfori.org

FROM EUROPE, FOR EUROPE

We love the European idea. We want to strengthen development in Europe, safeguard employment and promote cohesion and intercultural exchange. It's important for us to work with companies across the EU, to share these values and stand up for fair conditions.

GOTS SUPPLY CHAINS

The Global Organic Textile Standard (GOTS) is a leading global standard for processing textiles made from organic natural fibres. It defines environmental requirements along the entire textile production chain, as well as social criteria for

businesses. HALFAR® itself is also audited according to GOTS. In addition, 100% of our organic cotton products are produced to GOTS standards.

Certified by CU 1047624

FAIR-TRADE

Traded fairly and manufactured according to established social, ecological and economic criteria – this is important to us.

RELIABLY RECYCLED

We are always looking for alternatives that are even more sustainable, like recycled materials such as rPET. They help to save resources. We use the Global Recycled Standard (GRS), a standard to which we have been certified since 2021.

"Halfar is GRS certified. Only the products which are covered by a valid transaction certificate are GRS certified."

certified by CU 1047624

So what actually happens to a lorry's tarpaulin when it's no longer needed? At HALFAR® we turn it into a bag, like this customised courier backpack.

UPCYCLING: MINIMISING WASTE

Some materials are just too good to throw away. Patterned office curtains, perhaps. Or textile banners from last year's trade fair. The leather of legendary airline seats. And even lorry tarps.

With our upcycling concept, you can use them to make something better: a unique bag collection – provided, of course, that the materials can be sewn and otherwise meet the conditions for sensible reuse.

You can read more at:
www.halfar.com.

CUSTOM-MADE PRODUCTS 100% YOU

Design the bag of your dreams with us, tailor-made and totally unique. It's how we bring brands, products and messages to life in a way that's individual to you. We like to use your own material for upcycling wherever possible. There's no need to reinvent the bag for a custom-made creation – why not base it on existing bags in our range and adapt the details to match your ideas?

Our modular systems also offer you a range of options.

→  198

Encounters with airbags are (fortunately) rare for ordinary people. It's different if you're a manufacturer of airbags. A Swedish company had the unusual idea of making real bags using airbag material. You can see how it turned out here.

FINISHED WITHIN 1 DAY

of order approval. Made possible by the award-winning HALFAR FAST LANE® finishing. Whether short runs, special finishing, such as numbers and names, or larger time-sensitive quantities: HALFAR FAST LANE® adapts to the most diverse of customer requirements.

13

FINISHING TYPES

help to highlight messages on the bag. And help to keep your customers enjoying and using your bag for longer.

→  214

SOLUTIONS FOR STORAGE AND LOGISTICS

Maintain your flexibility with our ultra-modern warehouse. With its own solar system. Eco-gas heating and in an area that we have renaturalised – the insects love it, our customers love it, and so do we.

FINE FUNCTIONS, FABULOUS FEATURES

Bags with added value. Carefully considered and a boon for comfort and durability – whether thanks to shoulder pads, mobile phone compartments, trolley straps, additional handles or other little gimmicks.

2x

ANNUAL INNOVATIONS

... for models, series and finishes. With HALFAR®, you can stay ahead of the game when it comes to new, sustainable bag ideas.

>20.000

BAG MODELS

There's (almost) nothing we haven't developed when it comes to bags – and we'll go on doing it, always with a focus on new, sustainable ideas and materials.

4.000.000 BAGS

in our warehouse. We keep just the right quantities in stock and save on transport. That's good for your budget, the climate, the environment – and your last-minute plans.

We ensure that our bags are made of safe ingredients and are worked on professionally. The quality of design is also important to us. Because what's made well and looks good tends to be used for longer and harms the environment less – that's how we understand sustainability. That's why we offer a three-year warranty for fault-free materials and workmanship.

Quality lasts longer and harms the environment less. That's because things that look good and feel good are more enjoyable to use and are used for much, much longer. That's why we offer a three-year warranty for fault-free materials and workmanship.

REPAIR? WE CAN.

HALFAR® is a bag maker. That means that for more than 30 years, we have been making our bags ourselves, much of the time in our very own sewing room in Bielefeld. We have our experts right here.

They are on hand to help with any repairs, even after you have purchased your bag. They are happy to advise, take care of spare parts, make modifications, carry out repairs and even replacements.

This way, we can conserve resources, prevent waste, ensure greater sustainability and, most importantly, make sure that favourite bags continue to be favourite bags.

LORRYBAG®

DESIGN YOUR OWN BAG

MADE IN EUROPE

**YOUR OWN MATERIAL
FOR THE FLAP (IN
CONSULTATION WITH
OUR BAG EXPERTS)**

The LorryBag® is HALFAR®'s legendary tarpaulin bag. A classic for the past 30 years – no other bag is more creative and individual. More than a million variations are possible. Choose from

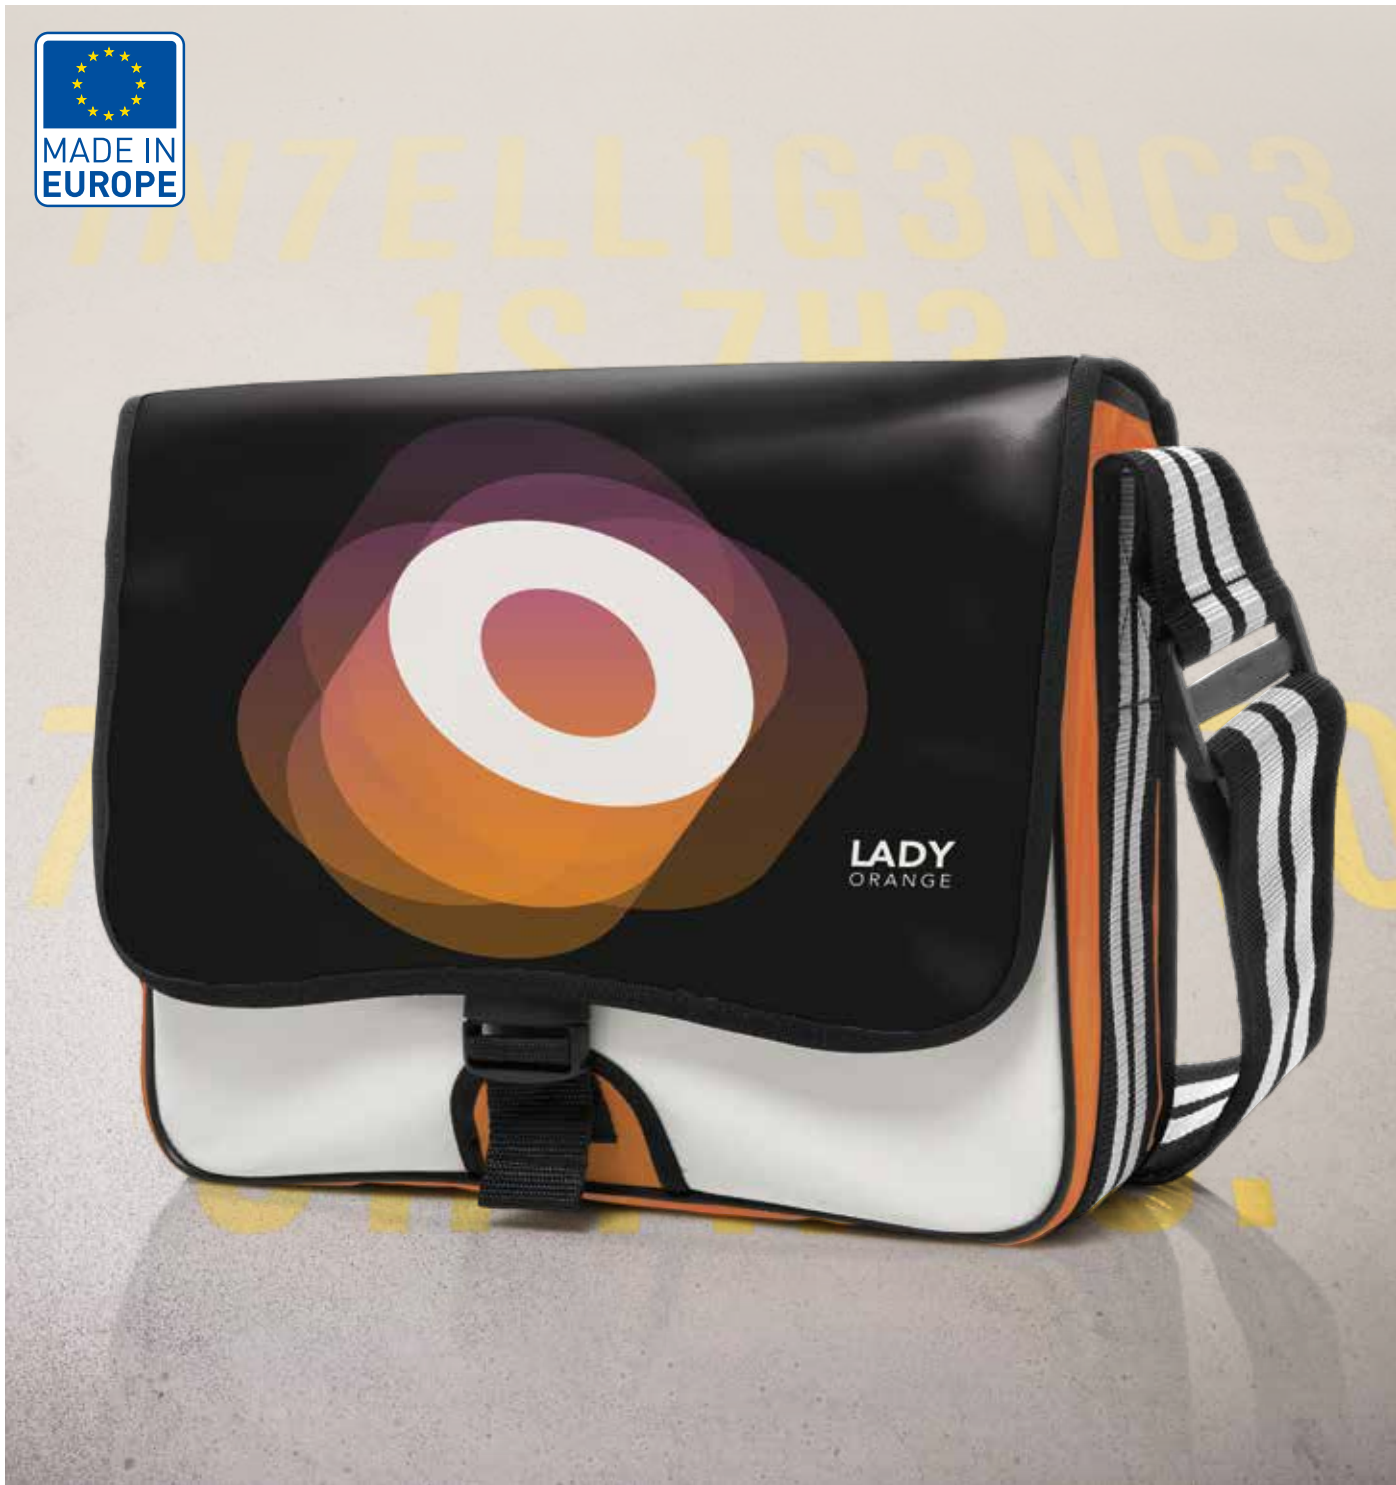

over 40 tarpaulin colours for each cut piece. And put together your favourite LorryBag® using the modular system... What's more: it is possible to integrate your own materials.

DESIGN TO THE BLEED

ACCESSOIRES

LORRYBAG ORIGINAL 1

Tuning for fantastic bags

Make the most out of your Lorrybag®. As with a car, you can also select special fittings for your tarpaulin bag – from a mobile phone pocket to an insert compartment. Several examples can be seen here. The HALFAR® Team will be delighted to show you more.

LB 021

MOBILE PHONE POCKET BUSINESS

Material: tarpaulin
With ideal dimensions, even for the largest of smartphones. Includes a strap for easy lifting out, and pen loops.

LB 022

FLAT FRONT POCKET

Material: tarpaulin
Creates space for newspapers, documents and for everything which you wish to quickly insert into the bag.

LB 023

SEPARATOR

Material: tarpaulin
Divides the main compartment into two compartments. Practical, to keep order in your mobile office.

LB 024

FLAT INSIDE COMPARTMENT

Material: tarpaulin
Folders, tickets, stamps: All these things can be fitted inside in this flat extra compartment.

MODULAR SYSTEM

DECORATIONS AT A GLANCE

We currently provide more than 12 decoration techniques, most of which we implement directly here in Bielefeld, and we can tell you a great deal about every one of them. In case you should have a question, please contact us. We are happy to advise you which logo works particularly well on which material, using which technique.

- Graphic files in vectorised .eps or .ai format
- taking care that all text is fully vectorised
- Colour information for digital printing: CMYK
- Colour information for screen print: PMS
- Photographic or bitmap images files should be in actual size with a minimum resolution of 300 dpi

DOMING

Like a dome for your logo!
Take your logo to another dimension! With domings, make it look lively and luxurious. The unique effect occurs when the logo is coated with an epoxy resin to create a transparent dome. Domings are flexible and extremely hard wearing. Excellent sun and water resistance ensures that their high quality aspect is retained over a long period of constant use.

5800262 Hangtag
Round doming
(Ø 13,4 mm)
Optional on bags with zippers

5800268 Hangtag
Square doming
(11,5x11,5 mm)
Optional on bags with zippers

TRANSFER PRINT

HALFAR FAST LANE®

The pioneering refinement of HALFAR®. Brilliant, pin-pointed printing in photo quality, with low energy consumption! Rapid drying, short production times! Long-lasting, elegant and one of a kind. Can be refined, in part, with spot varnish - refinement that inspires.

METAL EMBLEM

For a lasting impression. You can immortalize your logos on special quality metal emblems. Choose from two versions:

either metal emblems with a stylishly lasered logo, or metal emblems with doming. On these the logo looks vividly colourful and very sculptured and the metal works like a frame.
